Hi Scott,

I gave them an extensive list of additional information they needed to
submit on July 31, 2012, during a site visit.

They requested a meeting to discuss the list, which we had on January
15, 2013. Right now I'm still waiting on additional information from
the applicant/agent. They had most of the information ready at the
meeting on January 15, but had a few loose ends to tie up. They plan on
submitting a complete updated package to me, which a copy can also be
sent to you if you like.

Let me know if you have any further questions.
